

**Introductory
Musculoskeletal
Ultrasound**

Thursday 16th October 2008
Venue: Wharfedale Hospital, Otley, Leeds

Course Leader:
Dr. James Brown BSc(Hons) FFSEM(UK) MSc (Sp.Med)
Consultant Musculoskeletal & Sports Medicine Physician

A one-day very practical diagnostic and interventional course designed to introduce you to musculoskeletal ultrasound. A scientific and clinical overview will be taught. A wide range of musculoskeletal ultrasound pathology encountered in routine clinical practice will be presented. The emphasis will be on obtaining an introduction to the basic practical skills. There will be an opportunity to scan both normal and pathological cases in relation to a variety of conditions. There will also be the opportunity to observe image guided procedures and their relevance to clinical practice. The course is aimed at BIMM members who have little or no experience in musculoskeletal ultrasound and who wish to obtain a comprehensive introduction in musculoskeletal ultrasound skills.
